

New City Kids

Gifts In-Kind Information

Meet a practical need by giving a gift in kind:

(3) 88 Key weighted-key keyboard – \$600

We make learning fun! Kids who do well in music class get to take a high-quality instrument home with them as a reward. We will give away 3 of these beautiful 92 key, weighted key, electric pianos this year.

(2) Electric drum set – \$1,000

Same as the keyboards, we give away 1 beautiful drum set to the best student in drum class each semester. Giving away something as great as a drum set is part of our culture of excellence in everything.

Provide a meal

We have dozens of events during the year, from 9 offsite retreats to 4 After School Center performances to small groups and rehearsals. Providing a meal to the youth and staff at an event is a blessing to them, and a great way to see New City Kids first-hand.

College scholarships – \$10,000

Each year we support the young men and women from New City Kids who are in or beginning college through the New City Kids scholarship fund. This is an important part of the alumni support, and helps many young people close the gap between their financial aid and college tuition.
